

Unfield Trip Resource Traveling Exhibition Schedule

The Scott Family Amazeum will bring in new exhibitions throughout the year. Below is the schedule of exhibitions and links for more information. *Please note that dates are subject to change without notice.*

Storyland: A Trip Through Childhood Favorites

Fall 2024 - Early 2025

An Adventure in Early Literacy!

Step into the pages of beloved children's books and enter a world of early literacy adventures! Storyland: A Trip Through Childhood Favorites immerses children and adults in favorite picture books, from the gardens of *The Tale of Peter Rabbit* to the urban snowscape of *The Snowy Day* and the tropical island of *Chicka Chicka Boom Boom*.

All are welcome to explore this exciting exhibit, but it is geared towards children up to 8 years or K-3rd grade levels.

Storyland is a temporary exhibit produced by the Minnesota Children's Museum.

Measurement Rules!

Early 2025 - May 2025

Measurement is an essential part of our lives, but not always easy to understand. Gauge height, distance, volume and more in Measurement Rules, an interactive exhibit that introduces visitors to various units of measurement. Master the basics and then begin to compare, classify and categorize different ways to measure using traditional—and not-so-traditional—tools. Hands-on experiences allow visitors to understand measurement in relation to the world around them, collaborate with others and become confident in the language of measurement. You can:

- Take a walk on a treadmill connected to a large odometer that tracks how many yards visitors walk during the exhibit
- Find out how many chickens you weigh
- Count Five Mississippi's and see how close you can get to doing it in five actual seconds

This exhibit has bilingual (English/Spanish) signage.

[Measurement Rules!](#) is a temporary exhibit produced by the Pittsburgh Children's Museum.
